WHO WE ARE:

Established in 2007, SHADES-Pier Optical is a locally owned eye specialty company that features premium sun & ophthalmic brands and outstanding service. In our 18th year, we are proud to provide our customers with distinctive, fashion-forward frames, as well as the area's largest selection of sport options. Our original SHADES location is located in the heart of the Pier Village, across the street from the Narragansett Town Beach. We have successfully operated a satellite sunglasses kiosk for 10 years at TF Green Airport (2009 – 2019). In 2014, we expanded to offer prescriptions as a direct result of customer requests seeking the same expert fitting they have come to expect from us with plano sunwear, but the desire to have a well-curated selection of both ophthalmic and sun RX available, all in one location. We promptly updated our name to SHADES-Pier Optical. In Providence, we are excited to have found a new "Pier area" to call home, as we are a mere block away from the Providence Pier, at 423 South Main Street.

OUR MISSION:

Our passion is to provide vision solutions to comfortably fit every face and budget, with fun and friendly expert service.

OUR PRICE GUARANTEE

Last year, we introduced our PRICE MATCH GUARANTEE to give our customers the confidence to continue to shop in-person versus online. We price match all advertised sales on the manufacturers' brand websites of all in stock frames.
